

DIGITAL MISSIONS INFO PAGE

PursueGOD.org is an online Christian ministry dedicated to helping people pursue God all around the world. We accomplish this in part through our trailblazing "Digital Missionary" initiative.

What is a DM?

- A Digital Missionary is an evangelist for today's generation, reaching people online through social media.
- Digital Missionaries create Bible-based content for YouTube, Instagram, and more.
- DMs actively disciple people from their own hometowns and from around the world.
- DMs meet weekly with a cohort of other DMs to train, strategize, and encourage.
- DMs are accountable to the pastoral team at PursueGOD, ensuring faithfulness to the Bible in content and conduct.

Why Digital?

- Matthew 28 calls Christians to go to the unreached. Today our youth (Gen Z) is more lost and confused than any other generation before it.
- Gen Z spends over half of their waking hours online. Just as Hudson Taylor went to China, DMs are bringing the gospel to the new frontier of the internet.
- Our goal is to raise up young Christian voices who can speak biblically on today's issues. PursueGOD's Digital Missionaries will reach a new generation for Jesus.

How You Can Help

Just like any other mission field, Digital Missionaries are supported through the generous donations of those who believe in their ministry. DMs are commissioned by PursueGOD and all donations are tax-deductible. Will you join the team with a monthly gift? Follow the link below to get started.
